

Cordyline ‘Torbay Dazzler’

Selling

March onwards

Features

Green and gold striped, sword like leaves, with small, scented white flowers in summer.

Benefits

A bold and architectural feature plant for pots and borders. Grows up one trunk until it flowers, then it initiates more trunks.

Story

Cordyline or Cabbage Palm Tree, is a native of New Zealand. This form is a greatly improved form of Cordyline ‘Albertini’ and was introduced to the UK by the Torbay Palm Farm.
